

EER of Hogwarts Quidditch Club

Q-2

① i Domain constraint

ii Key constraint

iii Referential Integrity constraint.

as we ~~do~~ don't know the table details.

②. Here, the 2nd, 3rd value fall under Domain Constraint. As Airport name cannot be 'Delta Lounge'. Moreover, City name cannot be integer 100. ~~Moreover~~ Lastly, possible Referential integrity constraint.

③ Referential integrity constraint as few other Relations are dependent on it.

④ Same as ③.

⑤ Possible domain constraint as we don't know valid seat numbers for that flight
