

BRAC University (Department of Computer Science and Engineering)
CSE 470 (Software Engineering) | Fall 2023

Quiz 4 (Set A)

Full Marks: 15

Duration: 25 minutes

Name:

Student ID:

Section:

1. a) Draw CFG diagram for the given code segment. **[5 marks]**
b) Calculate Cyclomatic Complexity. **[2 marks]**
c) State Basic Path Sets. **[4 marks]**

```
over = 1
ball = 1
n = 20
while over<n and over>0:
    if ball%6 == 0:
        over = over + 1
    ball = ball + 1
print("THE END")
```

2. Determine SIX (for Class B and C) from the following code segment. **[2 marks]**

```
Class A
{
    foo()
    doo()
}

Class B inherits A
{
    foo()
    roo()
    poo()
    soo()
}

Class C inherits B
{
    soo()
    doo()
    zoo()
    koo()
}
```
